EXPERIENCE

Do Your Thng, Remote — *Tech Lead*

APR 2021 - JUL 2023

Managed and tracked project progress, ensuring that deadlines were met and goals were achieved

As a technical lead at Do Your Thng, I designed a robust software architecture with Django, React.js, and iOS/Android, ensuring seamless cross-platform functionality.

As a collaborative technical lead at Do Your Thng, I optimized performance and scalability by actively developing efficient backend code, deploying systems on AWS, and successfully building and leading a strong, high-performing team.

Leveraging my leadership skills, I assembled and nurtured a high-performing team, fostering collaboration and driving exceptional results in software development and delivery.

Gloify, Bengaluru — *Tech Lead*

FEB 2018 - APR 2021

Commencing as a software engineer at Gloify, swiftly recognized exceptional leadership qualities, leading to a well-deserved promotion to tech lead. Successfully led multiple teams for over 3 years, fostering collaboration and achieving remarkable project outcomes

Played a pivotal role as a key member in project planning and development, showcasing expertise in building robust APIs for multiple projects. Actively engaged in client calls, ensuring effective communication and delivering projects within designated timelines.

Demonstrated a consistent track record of timely project delivery, exhibiting strong project management skills and an unwavering commitment to meeting client expectations.

Mindcom Consulting Services Pvt Ltd, Bengaluru — *Software Engineer*

Nov 2016 - JAN 2018

As a software engineer, successfully developed an end-to-end solution
